

How to Mount the Probe into the Duct

Compression Fitting

Material: SUS304

Nominal Designation	Probe Support A	Material of Tightening Ring	B	C	D
PT3/4	Φ14	Brass, Teflon	Approx. 61	20	33
PT1/2	Φ11	Teflon	Approx. 52	16	26.3
PT1/4	Φ4.6	Teflon	Approx. 39	12	19.6
PT1/8	Φ4.6	Teflon	Approx. 30	9.3	15

How to mount the probe into the duct

1. Put the compression fitting into the hole of the duct.
2. Tighten **A** of the compression fitting to fix it onto the surface of the duct.
3. Tighten **B** of the compression fitting and fix the probe.
